Understanding PowerSchool Parent Portal with Single Sign-On

The Power of the application comes from understanding what it can do and how it can help you participate in your child's education.

Introduction

PowerSchools Parent Portal is a tool integrated into the PowerSchool Student Information System (SIS) specifically developed for parents and students. In previous versions of the application there was a separate login and password for each student requiring a parent to login in multiple times if they had more than one student attending AGCS. However, we at AGCS have chosen to implement the Parent Single Sign-On feature of the application. Parent Single Sign-On offers a number of benefits, including:

- access to multiple students with one login
- a personalized account for each parent and guardian
- the ability for parents/guardians to retrieve their own login information

Let's Get Started

To get started, you must create your PowerSchool account and attach students.

Creating Your PowerSchool Parent Portal Account

Before you can log in to PowerSchool Parent Portal, you will need to create your account and associate students to it. You should have received a letter from Avon Grove Charter School with your students Access ID and Access Password. These values are needed to attach a student to your account. If you do not have this information or have questions, contact the Main Office at 484-667-5000 for State Road or 610-255-5325 for Kemblesville.

NOTE: The Access ID and Access Password for your student should be protected. Only provide this information to individuals who need to monitor your student's progress.
