

Support the AGCS Green Initiative!

You may be aware that the future is looking increasingly green! The green economy is growing, and AGCS is responding accordingly!

By May 16, 2009 (the official greenspace opening), AGCS will, through the work of students, volunteers and representatives from local non-profit organizations, have made substantial progress toward the establishment of three habitat restoration zones including: reforestation, meadow reestablishment, and a storm water management area.

These natural zones will have a very positive impact on the local environment, and will provide students with spaces (within walking distance) to study the environment and conduct studies in sustainable practices.

In order to make the Green Initiative *SELF SUSTAINING* we need your help—attached please find a donation form. For each donation of \$4, your family will receive a beautiful recycled shopping bag bearing the Green Initiative Logo. The bag itself provides a way of showing the world you care about your environment and innovative programming at AGCS!

Name _____

Child's Homeroom / Grade _____

Number of Green Initiative Bags Desired _____

Please include your check or money order in an envelope with this form. Mark the envelope AGCS GREEN INITIATIVE. Your recycled bag will be sent home with your child!
